THE CHAIRMAN  
REPARELIA GROUP OF COMPANIES  
CRANE CHAMBERS  
KAMPALA - UGANDA

Dear Sir;

**REF: REQUEST FOR SPONSORSHIP TO THE "2022 INDEPENDENCE DAY SOLIDARITY CYCLING DRIVE" IN KATWE KABATORO TOWN – KASESE DISTRICT**

Greetings!!

May the Peace of ALMIGHTY GOD be with you!

Svends Project Chains alongside Katwe Cycling Club is proud to share with you our esteemed sponsor the Cycling Events as traditionally held annually in Katwe Kabatoro Town Council and scheduled for **09th/October/2022**, under the **theme: "Embracing Environmental Conservation in Schools"**

It has always been an honor to have your support to our events and deeply appreciate your continuous pledges to this event and the love for the Katwe Kabatoro community.

This year we are running a solidarity drive to promote environmental conservation practices in our community and schools. The activities of the event will include; **a Cycling drive in the community, Tree planting, Construction of Tree Nursery beds and launch of the waste bunker project to manage waste disposal in our community.**

Therefore, we would like to invite and request your sponsorship yet again because of the shared love and cooperation we have had over the years since 2014 when you joined us. Our shared responsibility for empowering communities through sports has come a long way and we look forward to maintain our mutual responsibility and benefit.

We all understand the Corporate Social Responsibility of Ruparelia and strive to always uphold its vision and mission in empowering communities.

For the years we have shared close cooperation, coordination partnership with **Former Crane Bank, Victoria University, and GoldStar Insurance** and looking forward to more good times.

We appreciate all your illustrious work you are doing for this Country in the various sector developments. We will be anticipating for your continued generous support.

Thank you for always supporting us in **"Empowering our communities"**.

Thank you.

**"For GOD and My Country"**

Yours in Service,

**MIRO SULAIMAN KIFAMBA**

Please Contact: 0756 736836**

Email us on: [svendsprojectchains@gmail.com](mailto:svendsprojectchains@gmail.com)

## Background

October is time for an annual event branded "**Independence Day Cycling Race**" this event has been happening since 2012. As our tradition, **Svends Project Chains (U) Ltd** partnering with **Katwe Cycling Club** both with rooted operations in Katwe are always engaged with a series of activities aimed at maintaining the annual tradition by organising an event that seals the year on a day that Uganda celebrates the memory of its Independence Day and a reflection of what's ahead. As always, the event is scheduled for **09<sup>th</sup>/October/2022** in **Katwe Kabatoro Town Council - Kasese**.

Over the last 2years that have seen the outbreak of Covid-19 and its subsequent precautionary measures for mitigating crowds, we have held the event scientifically and not in its normal settings. But given this current situation as we return to normalcy, we are engaging the communities again.

Last year, we took the message for Tree Planting and launching the idea of a Youth Center, however, though we undertook Tree Planting by offering over 500 Tree seedlings and tree species to the Community of Katwe, we have not achieved the idea of constructing the Youth Centre given the huge resources required to do so. Hence, this year, our focus is directed to establishing relationship with young people especially in schools to take on the mantle for Environmental conservation and demonstrate good practice.

Given that young people are the foundation of the future, it is necessary that they are oriented and sensitized about environmental conservation programs and activities in order for them to inspire sustainable action. Thus, the need to engaging all our partners and stakeholders with whom we have coordinated with in our precious Cycling events.

Svends Project Chains (U) Ltd is a Project Management & Consulting firm incorporated by Uganda Registration Services Bureau. **The company is focused at "Helping Organizations Develop measures for quantifying performance with solutions tailored to meet the diverse needs of our communities"**. The scope of our work includes; **Proposal Writing & Documentation; Project & Business Advisory Support; Research & Marketing Surveys; Corporate Image & Management; Events Planning & Management**. This scope gives us the justification for holding these charity & community support events.

Svends Project Chains has held signature Cycling Projects in 2018, 2019, 2020 & 2021 the previous years. With "**Mbarara City Bicycle Tour & Independence Day Cycling Race**" we are building a tradition in the Corporate, Sports, and Entertainment environment of Western Uganda. **Our Cycling Projects are tied on the following objectives;**

- **Promoting the Cycling Sport and Tradition in Uganda's Towns & Cities**
- **Supporting the call for Smart City Solutions**
- **Promoting Bicycle Tourism in Uganda**
- **Promoting awareness & respect for Cyclists as other road users in Cities & Towns**
- **Promoting Charity Drives using Sports**

Given that sports play a significant role in mobilizing crowds especially of young people, we can refocus that attention and commitment towards awareness and exposure to measures necessary for conserving the environment. Talents can easily be sustained in a healthy, safer and cleaner environment. Please aid us in transforming Communities.

## Independence Day Cycling Solidarity Drive – Katwe Kabatoro 2022

Using Cycling as a signature activity, we would want to help communities appreciate the need for charity events, develop solidarity with one another, participate in the environmental Conservation efforts as well as establishing sustainable means for youth mobilization and engagement thus the incorporation for the launch of **“Waste Bunkers and Tree Nursery Beds in Schools”**. It’s our Obligation to keep our communities informed and engaged in matters of environment, health, and food security.

### Why the theme: EMBRACING ENVIRONMENTAL CONSERVATION IN SCHOOLS

Katwe Kabatoro Town Council is located in the enclave of Queen Elizabeth National Park and is identified as one of the Wildlife Sanctuary. The area is comprised on an open vegetation, located along the equator.

Katwe Kabatoro consists of three Lakes (Fresh water lake – Edward; Crater Lake – Munyanyange (seasonal for birds) and Katwe Salt Lake from which rock salt and other types of salt are mined). However, there are few trees in the area with a hot climate. The heated atmosphere exposes people and livestock to direct sunlight as well as heated roofs that increase high temperature levels in the homes (Houses).

As a Fishing and salt mining community, Katwe Kabatoro is largely vulnerable in a number of aspects that include; **high level of illiteracy; Early child Marriages, drug abuse, crime, School drop-outs, disease, domestic violence, wildlife human conflict** among other silent challenges like **environmental degradation, pollution and poor waste management disposal** that are largely ignored and yet very serious.

The clearing of vegetation on the Salt Lake valley is exposing the Salt Lake shoreline to erosion while the over consumption of polythene packaged drinking water is littering the whole community. These behaviours need to be checked with introduction of waste bunkers and nursery bed from where trees can be freely accessed for planting in the community.

This is the reason why this year, as we celebrate Independence Day, we attached a cause in order to introduce these programs in our community. **“Waste Bunkers and Tree Nursery beds”** will create a means to enable successful management of waste and greening of the Katwe Community; identify potential challenges, and design of customized mechanisms/interventions to enable young people participate in the drive to transition of their lives and community while giving justifiable consideration to the green ideology for sustainable co-existence between humans and nature.

We intend to kick-start the activities of this project with free planting and a cycling event (Independence Day Cycling Race) which is scheduled for **09<sup>th</sup> October 2022** and has been annually organized since 2012.

### Our Solidarity Package Plan and Activities:

We intend to hold a Cycling event under the theme: **“Embracing Environmental conservation in Schools”** and this solidarity drive will be directed to the General community of Katwe Kabatoro Town Council – Kasese District. Our package will include: **“5 (Five) waste bunkers to the selected schools in Katwe Kabatoro; As well as 5 (five) Tree**

**Nursery beds in the selected schools in Katwe Kabatoro.** These will specifically be extended to; **The Selected schools and one open waste collection center at the Katwe Salt Lake.** This is so because these places offer the best strategic centers for spreading awareness on the need to manage & dispose of waste and Plant Trees in our Communities.

In addition to that, we equip our established tree nursery beds with seedlings amounting to 1000 trees of the local and indigenous tree species that are drought resistant.

### Benefits to the Participating Parties

The "**Independence Day Cycling Solidarity Drive – Katwe Kabatoro 2022**" provides a corporate social atmosphere availing an opportunity to engage in these projects for **Business Social Interaction support & Brand Exposure** as we as **Corporate Social Responsibility**. Environment is our responsibility; healthy and safer communities ensure a sustainable and stable customer base.

### Hospitality Benefits

- 1) You will receive an official **Certificate Of Appreciation**
- 2) Erect "**Solidarity and support**" Billboard stands at the places where the Waste Bunkers and Tree Nursery bed are constructed. These will have **Name & logos** to represent all the supporting **Companies and institutions**.
- 3) You will receive **Captioned framed photos** of the support event with your Name and Logo embedded therein.
- 4) Your logos will appear on the Cycling Sleeves and all other advertising material available at the event.

### Contact Details

Thank you for taking the time to view our **Independence Day Cycling Solidarity Drive Concept**, it will be our utmost pleasure to partner and act in solidarity to empowering our communities build the capacity to environmental degradation and help build a greener and safer community through youth engagement and mentorship programs.

We look forward to partnering with you towards this noble cause. Please contact us for a customized engagement with us and how best we can strengthen this Solidarity with communities.
