Background:

October is time for an annual event branded “**Independence Day Cycling Race**” this event has been happening since 2012. As our tradition, **Svends Project Chains (U) Ltd** partnering with **Katwe Cycling Club** both with rooted operations in Katwe was prepared to organize an event that seals the year on a day that Uganda embraces the memory of its Independence Day and a reflection of what's ahead, this was scheduled for **09th/October/2020** in **Katwe Kabatoro Town Council - Kasese**.

However, because of the current of Covid-19 and its subsequent precautionary measures for mitigating crowds, the event is not destined to occur in its normal settings.

In that regard therefore, we took a measure to hold the event scientifically as a means to rally solidarity for the fight against Covid-19 in our respective communities. With this, it becomes apparent for us to engage all our partners and stakeholders with which we have engaged with in our precious Cycling events.

Svends Project Chains (U) Ltd a Project Management & Consulting firm incorporated by Uganda Registration Services Bureau. **The company is focused at “Helping Organizations Develop measures for quantifying performance with solutions tailored to meet the diverse needs of our clients”.** The scope of our work includes; **Proposal Writing & Documentation; Project & Business Advisory Support; Research & Marketing Surveys; Investment Planning & Management; Corporate Image & Management; Events Planning & Management.** This scope is the justification for holding the event.

Svends Project Chains has held signature Cycling Projects in 2020 & 2019 and the previous years. With “**Mbarara City Bicycle Tour & Independence Day Cycling Race**” we are building a tradition in the Corporate, Sports, and Entertainment environment of Western Uganda.

Our Cycling Projects are tied on the following objectives;

- **Promoting the Cycling Sport and Tradition in Uganda's Towns & Cities**
- **Supporting the call for Smart City Solutions**
- **Promoting Bicycle Tourism in Uganda**
- **Promoting awareness & respect for Cyclists as other road users in Cities & Towns**
- **Promoting Charity Drives using Sports**

Scientific: Independence Day Cycling Solidarity Drive – Katwe Kabatoro 2020

Because it has been a tradition established since 2012, we believe we have built strong memories that inspire and nurture great sportsmen and women of tomorrow. It is also a means to instill hope and inspiration to the young people whose admiration and enthusiasm is high for Cycling. It's our Obligation to keep a ray of hope and sense of responsibility.

Why the theme: Solidarity towards Fighting Covid-19?

Since the sudden outbreak of the Covid-19 (Corona Virus) in early February, the world has been put to tension and out rightly put to Intensive Care because of the pandemic. All the sectors from which community livelihoods depend on have been

disorganized if not destroyed, economies have been over-stretched and that has greater effects on the daily lives of people from both the common people to the middle class.

Corona Virus Disease (COVID-19) is an infectious disease caused by a newly discovered corona virus. Most people who fall sick with COVID-19 will experience mild to moderate symptoms and recover without special treatment.

The virus that causes COVID-19 is mainly transmitted through droplets generated when an infected person coughs, sneezes, or exhales. These droplets are too heavy to hang in the air, and quickly fall on floors or surfaces.

You can be infected by breathing in the virus if you are within close proximity of someone who has COVID-19, or by touching a contaminated surface and then your eyes, nose or mouth.

Apparently there are **1 million deaths, 33.4 million cases and 23.2 million recoveries of Covid-19 in the whole world.** That is enough to send a message that we need each other, rally our efforts to empower our communities to fight this pandemic.
