THE OFFICE OF MR. RAJIV RUPARELIA

C/O RUPARELIA GROUP

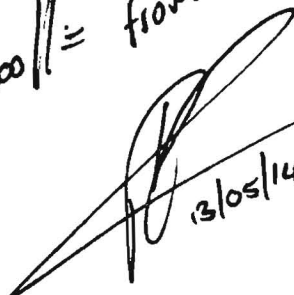

CRANE CHAMBERS, KAMPALA ROAD

Dear Sir,

RE: REQUEST FOR SUPPORT FROM YOUR OFFICE

Am writing to introduce to you, HOPE FOR THE AFRICAN CHILD AND YOUTH-HACY. You are a young enterprising Gentle man who has inspired us since our time at the university due to your hard work and commitment towards work and social wellbeing of the young people. HACY is a Non-governmental and Non-for-profit organization that responds to the needs of the most vulnerable children and young people in Africa but operating on a small scale in Uganda. HACY was thought about in 2012 by a group of young professionals fresh from the university who felt empathetic about the conditions in which the African young people live in the society such as, vulnerability to diseases, abuse of child rights, poor feeding, illiteracy, violence, effects of civil wars and conflict, unemployment, vulnerability to crime among others so that they could contribute to the entire well-being of the African young people through

partnerships, resources mobilization, volunteering, advocacy among others

Mr. Baluku Ronald, Coordinator HACY Sensitizing young people at Hotel Triangle on invitation from Rotary Club of Nakasero about Entrepreneurship

Hope for the African child and youth is a child and youth-focused Non-governmental organization in Uganda covering a wide geographical area in the central and western part of the country, and a range of thematic areas, impacting over 2000 children and more than 1500 young people. Hope for the African child and Youth Works with key child rights stakeholders including children, civil society organizations, communities, government and the media, in contributing to the realization of young people's rights. We strive to develop and implement durable solutions that will benefit children, youth and their communities including improving health care systems, increasing access to quality basic education, empowerment with Skills, promoting and developing talent and creating capacity for preparedness and response to emergencies.

Mr. Baluku Ronald being interviewed by a journalist attached to KFM about Youth Unemployment and empowerment.

Young people are an important part of the community and they should be protected at all times to ensure they succeed in life. Regrettably this does not usually happen in most countries all over the world, predominantly in Africa. No one has yet fully realized the wealth of sympathy, kindness and generosity hidden in the soul of a young person. The effort of every true education should be to unlock that treasure. Safety and security don't just happen; they are the result of collective consensus and public investment. We therefore owe our young people, the most vulnerable citizens in our society, a life free of violence, poverty, unemployment, disease and fear. There can be no keener revelation of a society's soul than the way in which it treats its young people and there is no trust more sacred than the one the world holds with young people, let us protect them. We should note that; the potential possibilities of any young person are the most intriguing and stimulating in all creation.

Basing on the above and armed with our capability to create awareness and sensitization about the plight of the African young people, empowering them with Entrepreneurship skills and knowledge, advocating for their rights, promoting good health and proper nutrition among children, promoting talent and convinced that self- reliance participatory development is the way to solving our own problems, sure of our commitment and dedication till the goal is achieved, hereby decide to Kindly request for your support towards the following;

- Establishment of a website and hosting it for 2 years at 1,200,000sh
- Opening up a formal bank account for the Organisation at 200,000sh
- Registering the organisation with the NGO Board, Ministry of Internal affairs at 100,000sh
- Offering us office space in one of your Buildings around Kampala City since we still operate in different places around Kampala without a permanent office
- Purchase of a computer and Printer at 2,500,000sh

All this combined together if achieved, would lead to the realization and achievement of our objectives and goals through voluntary service and would also help in publicity of the organization managed by young professionals like you.

Hope to hear from you soon. Thank you,

Yours in Service,

A handwritten signature in black ink, appearing to read 'Baluku Ronald', with a stylized flourish at the end.
