Request for Partnership in Building a Youth Entrepreneurship Centre

Dear Sir,

The Rotary Club of Kampala North has organized a series of events to celebrate the World Understanding and Peace month: the anniversary of Rotary's founding. This is an annual fundraising initiative to support Rotary's service projects to the community. This year's initiative aims at raising funds for establishment of an orphan's home and entrepreneurship centre. The centre will provide a home for disadvantaged children and an entrepreneurship development opportunity for the youth under the "Rotary Vijana Poa" programme, an initiative that empowers the youth to get into sustainable "common sense" income generating activities. This is in line with your corporate social responsibility strategy and we are grateful for the contribution that your Foundation has made in this endeavor. A detailed profile of the project and the budget is attached for your perusal.

This is to request you to partner with us in this noble cause by being a corporate sponsor.

We look forward to your usual support in enabling us mobilize to alleviate the suffering of those less advantaged than we are.

Yours faithfully,

Eric Byenkya
Club President
