**RE: APPEAL FOR MEDICAL HELP**

Greetings.

My name is Judith Sheenah Komuhangi Kyamutetera.

I was diagnosed with DUCTAL CARCINOMA (Nuclear Grade 3) also known as Breast Cancer on 6th of May 2016. Following several other tests at Nairobi's Medanta Africare, the same was confirmed.

I am due for a surgery on May 24<sup>th</sup> 2016 at Nairobi's Guru Nanak Hospital and thereafter will undergo a series of chemotherapy treatment protocols.

The surgery alone and immediate treatment will cost up to USD12,450 and as a family, we are now short of USD 5,000 needed for this process.

I would like to humbly appeal to the foundation to step in and help us on shouldering this burden.

Looking forward to a positive response.

Yours Sincerely,

Judith Sheenah Komuhangi
