Dear Madam,

RE: Requesting funding for the Exceptional Woman Initiative Summit.

Inspired Women Uganda is an organization reaching out to women through self-help groups and local leadership for mobilization sensitization, engagement and empowerment on financial inclusion through training. Our mission is to effectively impact the lives of women and girls to achieve their full economic potential and our vision is to build a world where women have access to equal opportunities; education and freedom to engage in economic and social aspects.

We are hosting the Exceptional Woman Initiative Summit on Thursday 25th October, 2018. Our goal is to build a socially conscious generation of leaders and help redirect and broaden their skills to fill critical gaps in solving major social issues. By becoming one of our corporate sponsors, we're hoping that you could help us reach that goal by facilitating the event.

We've also listed out some of the incentives and perks that your company can enjoy should you decide to become one of our corporate sponsors (see attached Sponsorship Perks Document).

Regardless of the amount you choose to give, your company name will be included in our event program and you'll be included in the press release that we'll publish on our website.

We're accepting cash donations as well as in-kind donations of goods or services. Your contribution will enable us build a socially conscious generation of leaders.

I would like to thank you in advance for your generosity. Please don't hesitate to contact me directly at +256 – 777006467 or email lunyololinda@gmail.com if you have any questions.

Yours sincerely,

.....

Dear Sir/Madam

Re: Invitation to Exceptional Women Initiative Summit 2018.

Inspired Women Uganda in partnership with Kafeero Foundation would like to invite you to the Exceptional Women Initiative Summit 2018. This is part of an Africa Women Empowerment Initiative in order to equip the next generation of young business minds.

Inspired Women Uganda has developed a bold concept, an initiative that shall empower young girls and women to help thrive with the 21st century workforce and become key actors in Africa's economic development.

Uganda has the highest percentage (34.8%) of the women business owners in the world. Uganda leads in various key components of the survey; the highest percentage (90.5%) of female entrepreneurs in the world borrowing and saving money to start a business, highest (93.9%) labor force participation rate and a 100% women entrepreneurial activity rate, meaning women are as likely as men to start a business. Notably, cultural perceptions of female entrepreneurs in Uganda were surprisingly high (68.8%) than the average (41.3%).

Studies have shown that mentoring is associated with a wide range of favorable behavioral, attitudinal, health related, relational, motivational, and career outcomes which when concentrated upon, the effect size is generally wide. Therefore; for a country to be proactive in development, mentorship programs should put in place since they provide a means of elevating knowledge.

The Exceptional Woman Initiative is designed to prepare experienced women leaders to take on new challenges in the social sector where they potentially can make an even greater societal impact than they have done in their careers.

We believe that all winners have role models either directly or indirectly and we build on this belief to create a platform that can help successful women empower young girls on the journey of life to exceptional standards. Exceptional life is not limited by career path or trade. Rather, life is guided by similar principles be it in business, corporate life or civil service.

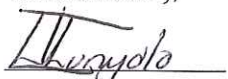

Your involvement in this conference provides an opportunity to discuss and respond to a series of questions about the status of a young woman today in the career world especially after school. Come be part of us on the 25th October, 2018 as we empower 1000 university female students on the same day, same time in 50 different locations country wide. The theme of the day will be:

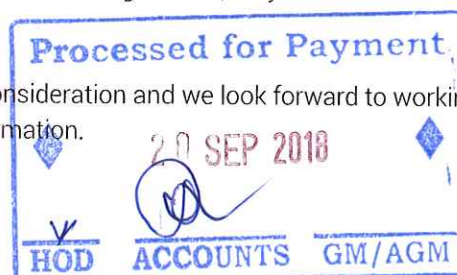

"Building exceptional women".

We believe that if young women have the right skills, they can build businesses, create jobs and boost economic growth across the continent.

We thank you for the positive consideration and we look forward to working closely with you. Please do not hesitate to reach out to us for more information.

Yours sincerely,

Linda Irene Lunyolo
