# Prostate Cancer Awareness Campaign

10th October 2018

To: Managing Director  
Ruparella Foundation  
Kampala Uganda

Attn: Mr. Rajiv Ruparella

RE: MOVEMBER CAMPAIGN ON PROSTATE CANCER AWARENESS

First of all, we wish to convey our appreciation for the great work your esteemed company is doing and for taking the time to review this letter.

The purpose is to seek your support as a partner of the **Movember Prostate Cancer Awareness Campaign** that is scheduled to run throughout the month of November 2018.

Men's health issues rarely get the attention they deserve, yet worldwide men die an average of 6 years earlier than women. This is why, through the Movember Prostate Cancer Awareness Campaign, we are tackling one of the big issues affecting men's health and working towards a society where men are more open to discussing 'the big stuff' in their lives. Awareness is the first step to facilitate early detection. Subsequently, we can make progress towards closing the life expectancy gap between men and women.

**Fact 1:** Globally, Prostate Cancer is the second most common cancer in men but is known as the silent killer because men typically are embarrassed about it. Statistically, 1 in 9 men will be affected by prostate cancer but early detection and treatment of this cancer has a 100% 5-year survival rate. HOWEVER once the disease has spread TO ANY OTHER PART OF THE BODY this 5-year rate survival rate drops to 30%.

**Fact 2:** The initial test takes only 5 minutes and does not involve anything more than a blood test. This will confirm or dismiss the presence of markers that identify those at risk and may save another unnecessary death. Follow-up treatment may vary but knowledge is the first requirement.

The **Movember Prostate Cancer Awareness Campaign** under the theme "Grow the Mo. Save a Bro" seeks to raise UGX 100,000,000 for awareness; screening and remedial medical interventions.

This will fund a the month-long campaign during which we shall carry out free primary and secondary screenings and schedule further treatment (as required) for over 1,000 men above the age of 40 years (the primary age group of men at risk of Prostate Cancer). These will be conducted by specialists at the brand new UMC Victoria Hospital in Bukoto in conjunction with both national and international specialists.

HOD ACCOUNTS GM/AGM

We appreciate the burden on all company's (CSR) budgets but believe that your contribution to this cause, together with our commitment to medical excellence and comprehensive accountability reporting, will provide a great service to the community, maintain your brand in the public eye as a supporter of good causes and keep the accounts department happy. Prominent recognition of your contribution will be assured and your brand will feature at the press launch, throughout the promotion and in all press statements.

Your contribution will save lives and we welcome support in cash sponsorship for the testing and treatment phase or in-kind towards, Publicity & Media, Branding & Printing of promotional material, Venue & Set-up of the Corporate Fun Tournament etc. All are welcome and appreciated.

We trust that this request finds favour and look forward to discussing this opportunity with you soon.

Yours sincerely,

---

**Dr. Chirag Kotecha**  
Chairman  
Movember Prostate Cancer Awareness Campaign  
*Raising funds for men's health*
